In the event of a competitor's accident, each participant agrees to provide assistance and to contact race HQ or a member of the organization as soon as possible. If weather conditions, a competitor's physical condition or bad behaviour so requires it, the race marshals and/or the race committee have full authority to force a competitor to retire. If a competitor withdraws of their own initiative, they must notify a checkpoint marshal and return their bib. If the time barrier is exceeded, the participant must hand in their race bib at this checkpoint. If a competitor decides to retire without giving notice and the organisers carry out searches, legal action may be taken against the competitor for reimbursement of expenses incurred.

Competitors who fail to comply with these instructions do so at their own risk. The organisation can in no way be held responsible in the event of a competitor's accident or failure due to poor health or inadequate physical preparation.

Article 17: CANCELLATION, POSTPONEMENT, BIB TRANSFERS

In case of cancellation by the organising committee:

The organisation will reimburse the full registration fee, excluding service charges, if the race has to be cancelled for reasons of its own making (e.g. failure to obtain a prefectural decree, lack of official authorization). Competitors will not be reimbursed if the cancellation of the race is due to an exceptional and unforeseeable external cause (high avalanche risk, weather warning, lightning strike, war, pandemic, etc.) and is not due to the organisation's fault.
